

**CONSERVATION MEASURE 21-03 (2012)**  
**Notifications of intent to participate in a fishery**  
**for *Euphausia superba***

|         |       |
|---------|-------|
| Species | krill |
| Area    | all   |
| Season  | all   |
| Gear    | all   |

1. In order for the Scientific Committee to thoroughly study the notifications to fish for krill for the coming season, all Members of the Commission intending to fish for krill in the Convention Area shall notify the Secretariat of their intention not later than 1 June prior to the annual meeting of the Commission, immediately prior to the season in which they intend to fish, using the pro formas in Annex 21-03/A and Annex 21-03/B.
2. This notification shall include the information prescribed in paragraph 3 of Conservation Measure 10-02 in respect of each vessel proposing to participate in the fishery, with the exception that the notification shall not be required to specify the information referred to in paragraph 3(ii) of Conservation Measure 10-02. Members shall, to the extent practicable, also provide in their notification the additional information detailed in paragraph 4 of Conservation Measure 10-02 in respect to each fishing vessel notified. Members are not hereby exempted from their obligations under Conservation Measure 10-02 to submit any necessary updates to vessel and licence details within the deadline established therein as of issuance of the licence to the vessel concerned.
3. A Member intending to fish pursuant to this conservation measure may only notify in respect to vessels flying its flag or that of another CCAMLR Member at the time of the notification<sup>1</sup>.
4. Members shall submit notifications by the due date to facilitate appropriate review by the Commission of notifications to fish for krill in the Convention Area before a vessel commences fishing.
5. Notwithstanding paragraph 4, Members shall be entitled under Conservation Measure 10-02 to authorise participation in a krill fishery by a vessel other than that notified to the Commission in accordance with paragraph 2, if the notified vessel is prevented from participation due to legitimate operational reasons or *force majeure*. In such circumstances the Member concerned shall immediately inform the Secretariat providing:
  - (i) full details of the intended replacement vessel(s) as prescribed in paragraph 2;
  - (ii) a comprehensive account of the reasons justifying the replacement and any relevant supporting evidence or references.

The Secretariat shall immediately circulate this information to all Members.

6. A vessel on either of the IUU Vessel Lists established under Conservation Measures 10-06 and 10-07 shall not be permitted by Members to participate in krill fisheries.
7. The Secretariat shall provide the Commission and its relevant subsidiary bodies with information regarding substantial discrepancies between notifications and actual catches in the krill fishery in the latest season.

<sup>1</sup> Consistent with CM 10-02 any vessel notified would need to be flagged to the notifying Member before entering the fishery.

ANNEX 21-03/A

**NOTIFICATION OF INTENT TO PARTICIPATE IN A FISHERY  
FOR *EUPHAUSIA SUPERBA***

Member: \_\_\_\_\_

Fishing season: \_\_\_\_\_

Name of vessel: \_\_\_\_\_

Expected level of catch (tonnes): \_\_\_\_\_

Fishing technique:  Conventional trawl  
 Continuous fishing system  
 Pumping to clear codend  
 Other methods: Please specify \_\_\_\_\_

Method used for direct estimation of green weight of krill caught<sup>1</sup>: \_\_\_\_\_

Products to be derived from the catch<sup>2</sup>:

| Product type | % of catch |
|--------------|------------|
|              |            |
|              |            |

## Notified fishing areas and months

|        | Dec | Jan | Feb | Mar | Apr | May | Jun | Jul | Aug | Sep | Oct | Nov |
|--------|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|-----|
| 48.1   |     |     |     |     |     |     |     |     |     |     |     |     |
| 48.2   |     |     |     |     |     |     |     |     |     |     |     |     |
| 48.3   |     |     |     |     |     |     |     |     |     |     |     |     |
| 48.4   |     |     |     |     |     |     |     |     |     |     |     |     |
| 48.5   |     |     |     |     |     |     |     |     |     |     |     |     |
| 48.6   |     |     |     |     |     |     |     |     |     |     |     |     |
| 58.4.1 |     |     |     |     |     |     |     |     |     |     |     |     |
| 58.4.2 |     |     |     |     |     |     |     |     |     |     |     |     |
| 88.1   |     |     |     |     |     |     |     |     |     |     |     |     |
| 88.2   |     |     |     |     |     |     |     |     |     |     |     |     |
| 88.3   |     |     |     |     |     |     |     |     |     |     |     |     |

Statistical subarea/division

- X Mark boxes where and when the notified vessel(s) is/are most likely to operate.  
 Precautionary catch limits not set, therefore considered as exploratory fisheries.

Note that the details provided here are for information only and do not preclude operation in areas or times which were not specified.

- <sup>1</sup> As of the 2013/14 fishing season, the notification shall include a description of the exact detailed method of estimation of the green weight of krill caught, including information and, where possible, data to estimate the uncertainty associated with green weight reported by vessels or for understanding the underlying variability in the constants used for making these estimations using the table provided in the C1 form as a guideline and, if conversion factors are applied, the exact detailed method of how each conversion factor was derived. Members are not required to resubmit such a description in the following seasons, unless changes in the method of green weight estimation occurred.
- <sup>2</sup> Information to be provided to the extent possible.

ANNEX 21-03/B

### NET CONFIGURATION AND USE OF FISHING TECHNIQUES AS LISTED IN ANNEX 21-03/A

| Net opening (mouth) circumference (m) | Vertical opening (m) | Horizontal opening (m) |
|---------------------------------------|----------------------|------------------------|
|                                       |                      |                        |

#### Net Panel length and mesh size

| Panel                | Length (m) | Mesh size (mm) |
|----------------------|------------|----------------|
| 1st panel            |            |                |
| 2nd panel            |            |                |
| 3rd panel            |            |                |
| .....                |            |                |
| .....                |            |                |
| Final panel (Codend) |            |                |

Provide diagram of each net configuration used

Use of multiple fishing techniques\*: Yes No

\*If yes, frequency of switch between fishing techniques: \_\_\_\_\_

|     | Fishing technique | Expected proportion of time to be used (%) |
|-----|-------------------|--|
| 1   |                   |  |
| 2   |                   |  |
| 3   |                   |  |
| 4   |                   |  |
| 5   |                   |  |
| ... |                   |  |
|     |                   | Total 100%                                 |

Presence of marine mammal exclusion device\*: Yes No

\*If yes, provide design of the device:

Provide explanation of fishing techniques, gear configuration and characteristics and fishing patterns:
